

## **5-17-20 Message WHO DO WE TRUST WHO WILL WE FEAR?** **A Response To The Current Covid 19 Pandemic**

Intro: I am very troubled by the conflicting reports I am receiving about this so called Pandemic that we are in. There is much confusion about what is going on. The Media has an agenda and that agenda is becoming more and more diabolical. I saw this way back when there was this so called gay agenda. I recall when the media was polling people to see what their opinion was concerning gay marriage. Channel 16 set up a website where you could go and vote and voice your opinion about your view of instituting gay marriage. So I decided I would go on the website and share my thoughts. You could submit your vote and share your opinion. Kind of like you see in a chat room. So I shared a few thoughts and voted against it. So I submitted it and so it registered, then later went into the site to read other comments, my comment was taken down and so was my vote. In essence I was censored.

Then I thought maybe it was because I was a Pastor or somehow they found out I was a Pastor. So I asked Ken Knapp to go into the site and put a comment and protest that their vote was not fair because he had a friend that was censored and they removed his vote. So he made the comment and submitted it and then his comment was taken down also.

Through the years I have seen this happen time and time again. It seems that our mainstream media has a liberal agenda and is bias against anyone who shows traditional values and anything that reflects biblical ethics and standards.

Many years ago when Ronald Reagan was president the media was upset that Nancy Reagan was wearing a fur coat. There was an outrage from the animal rights people because she was wearing fur. Again a radio station was doing an interview in the mall. It was some station that had the name KRZ after it. When you see KRZ as part of the name of the radio station you should think one thing: KRAZY. Of course it was a rock station and as you could guess I never listened to the station.

At the time I worked in a Kiosk in the middle of the Mall and I was talking to a customer. The interviewer came up to the customer and asked for their opinion concerning Nancy Reagan's choice of wearing a fur coat and if he thought that was right of the first lady to wear a fur coat. The customer answered and said, he thought it was a disgrace that the president's wife would have such a disregard for the lives of animals to actually choose to wear a fur coat.

Then they turned to me and asked me what I thought. Well I said, look she is the first lady of the United States, what do you want her to wear she deserves to have the best and why is anyone upset about that. I think it is wrong to even criticize her for wearing an expensive fur coat. She deserves to wear the best.

So that was the end of the interview. Shar our oldest daughter was a baby and my wife needed me to go to the pharmacy and get something for the baby. So I went to the local drug store and lo and behold they had all these radios on the shelf playing the same radio station. I just happened to be walking by the radios when they announced that they now would hear from radio newscaster (so and so) on the road at the Viewmont Mall asking people to comment on Nancy Reagan's choice of wearing fur coats. I stopped in my tracks and lo and behold they interviewed the fellow at my kiosk. They aired everything he said, and then skipped me and then interviewed someone else, and everyone they interviewed had negative statements about Nancy Regan wearing fur coats.

You see, why are we surprised that the world has a worldly agenda?

That was 37-38 years ago. How much worse is it now?

I just heard an interview from a man who was fired from google because he gave an opinion about their diversified agenda from a biological viewpoint concerning gender. He was fired because that went against their transgender agenda.

Now the thing that I am concerned about is that we are seeing the same kind of censoring taking place concerning anyone who presents something that is contrary to the status quo concerning this pandemic.

That sends red flags in my mind.

We are seeing this on Youtube and facebook and even twitter is doing this.

This alarms me because the same thing happened during the gay agenda until we saw people being censored and even fined for not going along with the agenda. Anyone that opposes same sex marriage and the transgender agenda is labeled toxic and a hate monger, homophobic, etc.

So we are seeing the same censorship towards people who are questioning the stay at home orders and the CCD and WHO's medical response to the virus.

Now I am not sure how many of the rumors are true about what is going on with this virus but when I see the media and the world censoring people like it did me concerning the gay agenda, then my spiritual antenna go up warning that maybe something is not right and there is a wicked agenda behind all this.

There are doctors who are bucking the advice of Dr. Fauci and others in the medical industry and their you tube videos are being removed.

There are people that are questioning what is going on in hospitals concerning the recommend treatments of this virus and their youtube videos are being removed.

We were told that the reason there needed to be a stay at home order was so the hospitals do not become overrun with patients. The Hospitals are nearly empty and still many governors are issuing a stay at home order for many counties?

Now what it seems to me is that the powers that be want us to be in fear and fear will bring destruction:

Proverbs 29:25 The fear of man bringeth a snare: but whoso putteth his trust in the LORD shall be safe.

Proverbs 29:25 The fear of man bringeth a snare: but whoso putteth his trust in the LORD shall be safe.

Psalms 56:11 In God have I put my trust: I will not be afraid what man can do unto me.

Psalms 40:4 Blessed is that man that maketh the LORD his trust, and respecteth not the proud, nor such as turn aside to lies.

Psalms 118:8 It is better to trust in the LORD than to put confidence in man.

Psalms 146:3 Put not your trust in princes, nor in the son of man, in whom there is no help.

Let us consider what the Lord says about fearing man versus putting your fear and trust in man.

***I. Proverbs 29:25 The fear of man bringeth a snare: but whoso putteth his trust in the LORD shall be safe.***

The so called experts are sending conflicting messages about your health.

Here is the warning we need to receive this morning!

We have made doctors gods in this country. I know with increase of knowledge and technology the medical industry can do some amazing things. It is not because they are so smart it is because they have some great tools. However, great tools in the hands of a fool can create great damage.

Because of the way our government operates, the only one that has access to these tools are the doctors and hospitals. So you are sometimes at their mercy. But remember this, the most dangerous place to be sometimes is in a hospital. For some it is the safest place to be, but for others it can be the most dangerous place to be.

Because we are in the end times and knowledge has increased, there are some amazing tools available to mankind. But also because we are in the end times, those

same tools can easily be used to manipulate and deceive people and to benefit a few and bring Satan's agenda into this world.

For instance when I talk to doctor friends about the treatment of Covid 19 they say they have no answers. So if they have no answers why go to the hospital? The only answer they have is to put you on a ventilator!

The medical community has this whole country in fear mode about this virus.

Now I am no doctor, but I have noticed one thing that there are a lot of people getting better from this virus at home. How is it that now for two months we have these crazy statistics?

AS of now there are:

1,470,000 people infected  
-258,000 recovered  
1,212,000 Still have it..  
-88,031 Dead

Total un accounted 1,123,969 Unaccounted of? Are they dying? Are they in the hospital? Are they in process of recovery? Are they in the process of death?

Something does not make sense. Look, when I get better from a virus I don't call in to report I'm better. So I would guess that the only ones that are listed as recovered are the ones that went to the hospital and are listed as recovered, and the others who tested positive and show no symptoms are assumed still sick for 2 months?

How is it that China, where the Covid 19, they started have less cases, less deaths, and more recoveries than the USA that is thousands of miles from the source?

Here are the statistics from China:

Confirmed  
82,933

Recovered  
78,209

Deaths  
4,633

Add the recovered and the deaths together and you get 82,842 that means there are only 91 people that still had it and were in limbo. Do you mean now for 3 months since we started counting the cases in our country there are 1,123,969 people in limbo in our

country? At least China did some believable math. And how could there be less cases in the country where the plague started?

Our president says, it is because we are doing more tests?

Now let me share this morning who you need to trust is who our text says to trust:

Psalms 118:8 It is better to trust in the LORD than to put confidence in man.

Look, President Trump can only interpret the advice he receives. If he receives bad advice what can he tell the nation?

Let me share what I believe a Christian should do in light of this.

We need to do what God said,

**Proverbs 29:25 The fear of man bringeth a snare: but whoso putteth his trust in the LORD shall be safe.**

**1. USE DOCTORS AS A TOOL AND DON'T PUT YOUR TRUST IN THEM.**

It does not make sense to me, that we should drop off a loved one to the hospital and totally trust that they are going to take care of our loved ones.

The Bible says, the love of money is the root of all evil.

Right now our hospitals are nearly empty and laying people off.

So their only source of income pretty much is covid 19 Patients.  
They get \$13,000 from Medicare every time they treat a Covid 19 Patient.  
They get \$39,000 from Medicare if they put that patient on a ventilator.

Now the only ones that I know that have died from covid 19 were put on ventilators. I am sure ventilators are necessary for certain patients, but why not give the patient something less intrusive before putting them on a ventilator?

My experience with human nature is that when money is involved there is corruption especially when a facility is hurting.

You say, preacher you should have some trust in the medical institutions.

Proverbs 29:25 The fear of man bringeth a snare: but whoso putteth his trust in the LORD shall be safe.

Look no man can heal your body, all they can do is facilitate the body to heal itself. They set a bone and then your body has to do the rest. If they set the bone and your body doesn't heal you're in trouble.

They give you antibiotics then your body does the rest.  
They give you a treatment for pain and wait for your body to do the rest.  
They cut out a tumor and then your body does the rest.  
The truth is that when it comes to cancer many times patients die from complications of the treatments more than the cancer.

There are some amazing things that the medical industry can do but not as amazing as God Himself did when He created our bodies.

Still all they can do is help the body along a bit. But they do not have the answer when this body just decides to give up, or else no one would die.

Only God can heal. He made your body to heal.  
We use the doctor as a tool and then we pray to God for healing.  
Doctors either help the healing process or hurt it through wrong diagnosis and treatments..

But also when the doctor gives a diagnosis, we need to pray to God and ask Him if we should follow the doctor's advice. THE DOCTORS ARE NOT GOD!!!

When I first became diabetic I went to the doctor and he prescribed some medication. I took the medication and then suddenly my liver enzymes were elevated, I was diagnosed with fatty liver. I said, doc I never had a problem with my liver before could this be a reaction to the medication? He said, no no.

I prayed about it, and my wife and I prayed about it. Then I decided to go off the medicine that I thought was causing the fatty liver. About 6 months later I went back to see the doctor and he looked at my test results. I said how are the liver enzymes? He said, oh they are ok.

I went to a doctor one time because I had a strange click in my throat. The doctors and nurses were cutting up and telling crude jokes while they were looking me over. The doctor said I think we need to do a dye test to see what's going on. He asked me to sign a waiver to do the tests. I asked what the side effects could be if I got the test. He said, some people could be allergic to the dye. I looked around at the spiritual character of the people who were going to do the tests and prayed and felt uncomfortable about trusting in their advice. Why would I risk my life for a little click in my throat that is not life threatening and take a chance of destroying my health..

I looked at my wife, who the nurse made fun of because she stayed by my side the whole time and that was it. I said, no I don't want the test. About 6 months later the click in my throat went away without their treatment.

If they don't know what the problem is without doing tests that could cause greater problems than the problem I am having, could I trust them with a procedure that could kill me?

I believe that God may be judging us because we put too much trust in men and not enough trust in Him.

There is a whole area of medicine today that seeks to prevent disease by trying to help your immune system to fight off these diseases rather than trying to play god. This discipline seeks to treat the body without chemicals and other invasive inventions of men. Most of those doctors are saying that our medical system has been corrupted by the drug industry and they are doing things that actually hinder healing.

If you go into a hospital and they have no treatment for Covid 19 what makes them think that putting you on a ventilator is going to cure you? The chances are if you are older you will die without treatment. The Ventilator is there to help people stay alive until the body can heal itself. Facts are that once a person is put on a ventilator there is only a 10-20% chance they will survive.

The biggest problem is that families are not allowed to visit so there is no one to make sure that the patient is taken care of. I have seen many a wife stay by the bedside of her husband to monitor the help and treatment of their husband. That has done more to heal someone than the hospital.

Any doctors that want to prescribe medication like Hydroxychloroquine are often handcuffed by the system to fall in line with the norms of the status quo.

Many have suggested that there is no money to be made with a cheap drug like Hydroxychloroquine and other available drugs.

**Look I don't know what will help someone or not, but I know someone who does know and that is the Lord. The Lord told Isaiah, take a lump of figs and lay it on the boil and Hezekiah got better. Look, the FDA would have had him arrested for practicing medicine.**

We better seek and trust in the Lord first and not the doctor first. Use the doctor like a tool, he is only a tool.

There is tremendous pressure on people to fear men and not to trust in the Lord.

**REMEMBER: Proverbs 29:25 The fear of man bringeth a snare: but whoso putteth his trust in the LORD shall be safe.**

A doctor is just a man. If God tells you to use the doctor use him but always put your trust in the Lord first and not in a man.

I don't like to be manipulated. The fact is that there is a lot of manipulation concerning this pandemic. It is a diabolical manipulation.

You say preacher people are dying from this virus. Yes I know. But how many others are dying and will die because we putting our trust in men and not looking to our God? How many will die because they cannot go to the hospital and get the help they need from something else that is serious?

## ***II. THE BIBLE POINTS TO KING ASA AS AN EXAMPLE OF A BACKSLIDDEN CHILD OF GOD WHO PUT HIS TRUST IN DOCTORS AND NOT GOD!***

Psalms 118:8 It is better to trust in the LORD than to put confidence in man.

II Chronicles 16:1 In the six and thirtieth year of the reign of Asa Baasha king of Israel came up against Judah, and built Ramah, to the intent that he might let none go out or come in to Asa king of Judah.

II Chronicles 16:2 Then Asa brought out silver and gold out of the treasures of the house of the LORD and of the king's house, and sent to Ben-hadad king of Syria, that dwelt at Damascus, saying,

II Chronicles 16:3 There is a league between me and thee, as there was between my father and thy father: behold, I have sent thee silver and gold; go, break thy league with Baasha king of Israel, that he may depart from me.

II Chronicles 16:4 And Ben-hadad hearkened unto king Asa, and sent the captains of his armies against the cities of Israel; and they smote Ijon, and Dan, and Abel-maim, and all the store cities of Naphtali.

II Chronicles 16:5 And it came to pass, when Baasha heard it, that he left off building of Ramah, and let his work cease.

II Chronicles 16:6 Then Asa the king took all Judah; and they carried away the stones of Ramah, and the timber thereof, wherewith Baasha was building; and he built therewith Geba and Mizpah.

II Chronicles 16:7 And at that time Hanani the seer came to Asa king of Judah, and said unto him, Because thou hast relied on the king of Syria, and not relied on the LORD thy God, therefore is the host of the king of Syria escaped out of thine hand.

II Chronicles 16:8 Were not the Ethiopians and the Lubims a huge host, with very many chariots and horsemen? yet, because thou didst rely on the LORD, he delivered them into thine hand.

II Chronicles 16:9 For the eyes of the LORD run to and fro throughout the whole earth, to shew himself strong in the behalf of them whose heart is perfect toward him. Herein thou hast done foolishly: therefore from henceforth thou shalt have wars.

II Chronicles 16:10 Then Asa was wroth with the seer, and put him in a prison house; for he was in a rage with him because of this thing. And Asa oppressed some of the people the same time.

II Chronicles 16:11 And, behold, the acts of Asa, first and last, lo, they are written in the book of the kings of Judah and Israel.

II Chronicles 16:12 And Asa in the thirty and ninth year of his reign was diseased in his feet, until his disease was exceeding great: yet in his disease he sought not to the LORD, but to the physicians.

II Chronicles 16:13 And Asa slept with his fathers, and died in the one and fortieth year of his reign.

Here we have a typical illustration of the pattern of a backslider. Asa was rebuked by the preacher and he got bitter. I can think of many people who have come through this church who were coming until the day I had to correct them. Then they dropped off!

There are many people who cannot take rebuke.

Proverbs 27:6 Faithful are the wounds of a friend; but the kisses of an enemy are deceitful.

If I am your friend and preacher I will have to correct and rebuke.

Here we have an account where the Lord plagued Asa with a disease, and we read that in that disease he sought not to the LORD but to the physicians.

This was not a compliment. It was a rebuke to him. God was displeased by this. Let me say our Lord's mind has not changed.

To do so is still foolish.

Now I am not saying don't use a doctor, but I do not think the Lord is pleased when you seek the doctor first and Him last. The best doctor is a doctor you do not need because the Lord gave you the answers.

Someone asked Joe Biden what would he do different than Trump under the current coronavirus pandemic. He said he would trust the experts, WHO, CDC. Dr. Fauci, etc. That's pretty sad. In other words put your trust in man. LOOK, WHAT PERSON WHEN THEY HAVE A SERIOUS ILLNESS DOESN'T SEEK A SECOND OPINION. IT IS JUST WISE TO DO SO.

I think we need to trust in the Lord and prayerfully weigh the advice of the Drs. They are not infallible.

Asa was rebuked in Scripture when he was sick in seeking the advice of the Physicians and not seeking the Lord.

### ***III. WHEN WE PUT OUR TRUST IN MAN WE WILL BE SNARED.***

**Proverbs 29:25 The fear of man bringeth a snare: but whoso putteth his trust in the LORD shall be safe.**

What is a snare? It is a trap. An animal is lured into the trap by something they want.

This one thing we can all know, there is a tremendous amount of fear that people have these days, and that fear is all man made. If you did not have radio, internet, T.V. would you be afraid?

What is one of the traps that we see happening over this fear of men, and this virus? We are going to bankrupt our nation! Lets give everyone \$2000 a month through the summer. These democrats really think that giving money away is as easy as printing it.

The Bureau of Engraving and **Printing prints** 37 million notes a day with a value of around \$696 million dollars. Between the Fort Worth Texas and the Washington D.C. facilities, The Bureau of Engraving and **Printing** uses about 18 tons of **ink per day**.

What is the snare? This is going to bankrupt our nation and there is no reason for it!

We are seeing great fear because of this coronavirus to the point that we are doing things and allowing things that we would never have allowed.

The devil is the same devil he has been in thousands of years.

**Job 2:4 And Satan answered the LORD, and said, Skin for skin, yea, all that a man hath will he give for his life.**

And for fear of our lives, we are surrendering our countries future, our freedoms, even our freedom of worship and speech.

Hebrews 2:14 Forasmuch then as the children are partakers of flesh and blood, he also himself likewise took part of the same; that through death he might destroy him that had the power of death, that is, the devil;  
Hebrews 2:15 And deliver them who through fear of death were all their lifetime subject to bondage.

Notice that the greatest fear that a man can have is the fear of death.

The greatest test of your faith in Christ's promises is the removal of that fear.

Notice what it says in Hebrews 2:15, that Christ came to deliver us who lived in fear of death all our lifetime and were subject to bondage.

Look, I heard that governor Wolf is opening our county this next Friday. Let me ask you, what was the reason for the lockdown? And what took so long to open up?

We were told that the reason for the lockdown was because there was this fear that there were going to be so many covid cases that the hospitals were going to overrun.

That seemed reasonable, but what happened is the hospitals were not overrun. In fact it is just the opposite. The hospitals are laying off nurses because it is so slow. Nurses are spending time doing dance videos in the empty halls of the hospital. You would think there would be all this rushing around taking care of patients.

When I went to that Dr.'s office and all the nurses were cutting up and the rock music was blaring I immediately said, am I going to trust these people with my life? My answer was NO WAY! I left there in a hurry!

Are you going to put your trust in men and not the Lord?

Asa did and he died with his disease in defeat and in a backslidden condition.

When we put our trust in men we become snared.

Right now Satan is looking to snare people into complacency and submission in the name of this coronavirus. There has been deception after deception concerning this virus.

Notice all the misinformation about it.

I have heard stories that it is manufactured in a research facility in China.  
I have heard it is fabricated and really just a common virus on steroids.  
I have heard that it is part of 5 G weakening people's immune system.  
I have heard that it is a plot by Bill Gates to mandate universal vaccines.  
I have heard some pretty nasty things about this.

One thing I do know, the only people I know that have died were put on a ventilators, and those who stayed home got better. So my thought is I don't trust the medical community, especially when they are dancing to rap and rock music in the abandoned hallways of their hospital and they won't let family members in the hospital to see what is going on. Which of you have time to do what these nurses are doing when you go to work?

When you are put on a ventilator there is 90% chance you are going to die from complications of the ventilator alone. They only put people on ventilators who cannot possibly survive without it. Usually the person is in no state to even give consent.

#### ***IV. THIS ONE THING IS FOR SURE, THE WORLD HAS BEEN GIVEN TO LIES BECAUSE THEY DO NOT TRUST IN THE LORD.***

***Psalms 40:4 Blessed is that man that maketh the LORD his trust, and respecteth not the proud, nor such as turn aside to lies.***

Look, we are so used to people lying to us that we no longer even blink.

Politicians lie as quickly as they take a breath of air.  
The news media lies every day.

Psalms 40:4 Blessed is that man that maketh the LORD his trust, and respecteth not the proud, nor such as turn aside to lies.

II Corinthians 4:3 But if our gospel be hid, it is hid to them that are lost:  
II Corinthians 4:4 In whom the god of this world hath blinded the minds of them which believe not, lest the light of the glorious gospel of Christ, who is the image of God, should shine unto them.

II Thessalonians 2:11 And for this cause God shall send them strong delusion, that they should believe a lie:

When I decided to open the church we had governor Wolf talking about not opening all of PA until June. I was talking to Ken Knapp and I said to Ken we were lied to. We were told the lockdown was so that the hospitals would not be overrun with covid patients. The Hospitals are not being overrun, they are in fact having lay offs. But still the governor is not opening the state. We were told it would only be for a few weeks or a month, then we are told it may have to last much longer.

So I prayed about it, and said this is confusion, and in fact I believe the virus is not as dangerous as the way it is being treated in the hospitals. I am not denying a virus, I am just saying our leaders are choking on a gnat and swallowing a camel and we are blindly following them and hiding in our houses. the media is purposely lying to us, inflating the figures of deaths, and trying to make this thing out to be worse than it is.

I see people running in the open air with no one near them running for exercise and wearing a Mask while they are running. I went to get my glasses adjusted and went to the eye doctor wearing a N95 mask that someone gave me.. and the lady at the door said we can't let you in with that mask because it protects you but not us? What confusion. How can a handkerchief be more safe than a professional N95 mask to protect others?

Psalms 40:4 Blessed is that man that maketh the LORD his trust, and respecteth not the proud, nor such as turn aside to lies.

### **Conclusion:**

You say, preacher is the whole world given over to a lie.

Yes, because it is no man that is causing the lie, but the prince of the power of the air. Just like the world was given over to a lie to accept gay marriage and this transgender agenda.

But remember the Lord said he would give the world over to a lie because:

II Thessalonians 2:11 And for this cause God shall send them strong delusion, that they should believe a lie:

II Thessalonians 2:12 That they all might be damned who believed not the truth, but had pleasure in unrighteousness.

Why are they given over to a lie? The reason is that they love not the truth.

Let me give you an example: What if all this was just a scam, a hoax, a deception?

Franklin Graham said,

***While cheering President Donald Trump's ideas for "opening up America" amid COVID-19, the Rev. Franklin Graham suggested on Facebook that Trump's "enemies and the liberal media" want a prolonged national shutdown in order to prevent Trump from being re-elected.***

***The Christian minister and son of Billy Graham, the late evangelist, also made a claim about Sweden and its contrarian approach to combating the coronavirus. "I read yesterday that Sweden had not shut down, but their people were following social distancing and other protocols with the government stressing personal responsibility, and their infection rate still remains lower than the UK's, Italy's and Spain's," Graham wrote in an April 17 post on Facebook.***

***The post was flagged as part of Facebook's efforts to combat false news and misinformation on its News Feed. After PolitiFact published a rating on this statement April 24, Graham edited his original Facebook post to remove reference to the infection rate.***

But an independent Fact Check service verified this fact.

**Per million people..**

Spain: 3,910.1

Italy: 2,794.18

United States: 2,028.17

United Kingdom: 1,518.62

Sweden: **1,241.67**

So, Sweden's known rate of infections is lower than the other countries Graham mentioned (and even lower than the U.S. rate, as well). So why was his post removed from facebook? The same reason my voice was not heard on KRZ radio, the same reason WNEP Channel 16 took removed my vote and comment about gay marriage. There is an agenda.

Something does not smell right.

I am preaching this message because the Bible says,

Ephesians 4:11 And he gave some, apostles; and some, prophets; and some, evangelists; and some, pastors and teachers;

Ephesians 4:12 For the perfecting of the saints, for the work of the ministry, for the edifying of the body of Christ:

Ephesians 4:13 Till we all come in the unity of the faith, and of the knowledge of the Son of God, unto a perfect man, unto the measure of the stature of the fulness of Christ:

Ephesians 4:14 That we henceforth be no more children, tossed to and fro, and carried about with every wind of doctrine, by the sleight of men, and cunning craftiness, whereby they lie in wait to deceive;

Many are being deceived, by what is going on. I strongly urge you to consider what the agenda is.

If you get sick, unless it is life threatening and can be dealt with in the emergency room, don't go to the hospital for covid. If you have to go to the hospital for covid ask for no invasive treatment. Ask for Hydroxychloroquine, ask for non invasive forms of breathing help. There is something called high-flow nasal cannulas are non-invasive nasal prongs.

Do not be pressured to go on a ventilator. A ventilator is for people who are dying and cannot breathe on their own. It saves lives for people who need it but is dangerous for covid patients. There are a few reasons the hospital often just tries to go to the ventilator.

1. THEY GET MORE MONEY.
2. IT IS EASIER FOR THEM.
3. WHEN YOU ARE ON AN OPEN SYSTEM THERE IS MORE CHANCE OF GERMS SPREADING FROM DROPLETS COMING OFF THE SYSTEM, SO MORE PROTECTIVE GEAR IS NEEDED FOR NURSES.

There was only one reason that I chose to go along with the lockdown these 7 weeks. It was to keep our people in our church safe. But if each of us have been going to Walmart and shopping for these 7 weeks and have not gotten sick why is going to church going to get you sick? Look, if in Sweden they can go around doing normal business not even wearing masks. I mean they are eating in restaurants, going to work. They are taking the normal precautions that anyone would take during the flu season. Wash your hands, don't drink out of other peoples cups, if you're sick stay home. Older people need to be more careful. So this country with none of the nonsense that we are going through has less Covid 19 cases than us and England, and Italy, all these hot beds of covid, then I think we are safe meeting in church. I also think we would be safe opening our country.

When I saw that we were being manipulated I declared we were coming back to church. That was before I heard WOLFIE said it was going to be ok.

If I preached this message on Youtube it would be taken down. That tells me that there is propaganda being spread and it is my job as a pastor to help you discern the truth.

*The "Political" use of the phrase "Never let a good crisis go to waste" is based upon the points made in Saul Alinsky's rules for radicals, page 89, in the section marked communication "in the arena of action, a threat or a crisis becomes almost a precondition to communication"*

*Taking advantage of any crisis whether real or manufactured is a common tool used by those waging war in antithesis.(often incorrectly referred to as Political purposed). When used in this way, crisis and its extreme amplification as "thinking and acting as a group", is no longer a tactic of protest but instead a tactic of ideological subversion, which is used to bring about totalitarian government control, via Socialism or Communism.*

*In other words the SAGE lead form the groups along the lines of a crisis subject and use that crisis to force the need for control. if the crisis is allowed to continue (as we observed often during the last presidential administration) people will cry out to government, for relief from the result of the crisis which can lead to property destruction, and even loss of life and liberty.*

*Rahm Emmanuel, the former mayor of Chicago as well as President Obama's former chief of staff has been quoted as using this statement.*

This I believe is what is going on in our country today. Politicians are using this crisis, to sponsor things that they could never get away with before, with little resistance.

Let me ask you, when do you think the government would have ever been successful at getting people to not come to church before. If you would have told me I would have been canceling public services for anything I would have told you never.

### **Invitation:**

Let us put our trust in the Lord. Why are we surprised that men will lead us astray? God's word will never lead us astray. Let's uphold this book, live by the book, preach the book, believe the book! Let's not be tossed too and fro by the devices and lies of the world. Let us not fear what man can do to us, nor what a virus can do to us, let us fear God and God alone. We are safe as long as we are doing what He wants us to do.
